RETIRE EARLY AND TRAVEL

Keith & Tina Paul

About

We are Destination & Experience Influencers and Marketers. Because we love to travel and to share our expertise we started Retire Early and Travel. Our blog is about living an international lifestyle. We cover retiring as early as possible, living abroad and traveling to new places to learn about and experience different cultures. We bring all of that adventure to our blog & videos.

We both come from successful careers. Keith was a healthcare Chief Technology Officer and I was a Science teacher, a book dealer and ultimately a naturopathic doctor. We were born in Michigan where we lived until we married. Then moved to Florida, living there for 24 years and then lived in the Pasadena, California area for 7 years. We have two adult children.

All of our posts are first-hand, so you can trust what we say. We share where we go, what we do and what we see with our readers.

Our Blog & Audience

Our blog emphasizes travel and retiring early. We inspire people to live their travel dreams now. Our website caters to an affluent and engaged audience of individuals who want unique experiences when they travel. They are travelers who work hard and want creature comforts when they travel.
